

Advanced Placement U.S. History 2019 (contact Mr. Nelson at joe.nelson@signature.edu)

Class Website: www.signaturehistory.blogspot.com

Summer Assignment: <https://signaturehistory.blogspot.com/2019/04/summer-assignment-2019-incoming-freshmen.html>

Objectives for the summer assignment:

1. Review some of the early content for 8th Grade U.S. History.
2. Begin development of advanced analysis of historical content.

Summer Assignment:

1. The Outline
 - a. Download the outline of notes for the summer assignment. This outline is designed to only give you the topic discussed; therefore, the detail and analysis will need to be filled in by you. However, don't overdo it with the notes. Simply identify the definition of the topic on the outline and discuss the significance. This document contains an outline for the video and the reading. **I will be checking the completion of the outline during the first days of school.**
2. The Video
 - a. This video was created by me to evaluate the first hundred years of American history. The Advanced Placement course refers to this section as Period 1: 1491 – 1607. Please watch and take notes on the video.
3. Reading from the Review Book.
 - a. The pdf entitled "Summer Reading Assignment" will have all of the required reading for the summer assignment. The outline that you downloaded before contains an outline for the reading. Please remember that you need to fill in the extra information since the outline is void of detail. However, once again, focus your note taking on the definition and significance of outline items.
4. Take notes
 - a. Some of the homework in this course will require reading and taking notes on the important information. During this assignment, you must take notes on the each section. You may use any format of notes (MLA, concept mapping, standard outlining, bullet pointing, etc.).
 - b. Use the outline as the guide to determine the important material.
 - c. At the beginning of the year, I will be giving you credit for the notes that you have taken. You will need them all year long in preparation for my tests and the Advanced Placement test in May.
5. The Quiz
 - a. As stated above, there will be a quiz at the end of the assignment. Please complete everything before clicking on the link that will administer your quiz. The quiz will be an accumulation of all information in the summer assignment. The quiz will be scored instantly and be your first grade of the year.
6. In class
 - a. The material you learn over the summer will be very important to both the start of the class and most assessments taken during the course.

Quick review:

Download the outline

Take notes over the video and reading

Take the quiz at the end of the assignments

Keep your notes for credit at the beginning of the year
