

# COVID-19 Screening for Parents

**Every morning before you send your child to school please check the following:**

- 1** Your student does **NOT** have a fever greater than 100 degrees OR lower if your child is not feeling well.
- 2** Other signs of illness such as:

CONGESTION  
OR RUNNY NOSE

FEVER 100.4\*  
\*or school board policy  
if threshold is lower

COUGH

SHORTNESS OF BREATH OR  
DIFFICULTY BREATHING

DIARRHEA

HEADACHE

NAUSEA  
OR VOMITING

SORE THROAT

MUSCLE PAIN  
AND FATIGUE

CHILLS

NEW LOSS OF TASTE  
OR SMELL

- 3** Were you in close contact (within 6 feet for more than 15 minutes) with anyone confirmed with COVID-19 within the last two weeks?

**➔** If the answer is **YES** to any of the questions, **DO NOT** send your student to school. Instead, begin quarantine of your child and contact your healthcare provider. Strongly consider COVID-19 testing.

# COVID-19: When a student, faculty or staff member can return to school

Individual	Symptomatic	No Symptoms
Not Tested <b>with</b> Alternate Explanation (strep, influenza, etc. as determined by a provider)	May return to school after 24 hours resolution of fever <b>AND</b> note (including email and fax) from provider stating the individual has an alternate diagnosis and the provider believes it's appropriate for the patient to return to school.	N/A
Not Tested <b>Without</b> Alternate Explanation	Must remain home for at least 10 days from the first day symptoms appeared <b>AND</b> 72 hours fever-free without fever-reducing medicine and with improvement of symptoms.	N/A
Tested and Negative	<p>1) If no alternative explanation, <i>isolate</i> for at least 10 days from the first day symptoms appeared <b>AND</b> 72 hours fever-free without fever-reducing medications and with improvement of symptoms.</p> <p style="text-align: center;"><b>OR</b></p> <p>2) The individual can return to school if tested negative <b>AND</b> with a note from the provider stating they believe the patient to have an alternate diagnosis and it's appropriate for the patient to return to school.</p>	<p>May proceed with attending school.</p> <p>EXCEPTION: A known close contact (within 6 feet of a confirmed case for more than 15 minutes) must complete a 14-day <i>quarantine</i>, even if test results are negative for COVID-19.</p>
Tested and Positive	<p>Must remain home in <i>isolation</i> for at least 10 days from the date symptoms began <b>AND</b> individual is 72 hours fever free, symptoms have improved.</p> <p>(CDC does not recommend test-based strategy except in certain circumstances, including provider's advice and test availability.)</p>	<p><i>Isolate</i> at home for 10 days from the day the test was taken.</p> <p>(CDC does not recommend test-based strategy except in certain circumstances, including provider's advice and test availability.)</p> <p><i>*If the individual develops symptoms, then isolation time starts on day 1 of symptoms (see symptomatic tests positive.)</i></p>
Close Contact (within 6 feet for more than 15 minutes of someone with confirmed COVID-19)	<p>N/A</p> <p>If an individual becomes symptomatic, refer to the symptomatic scenarios. The individual must <i>quarantine</i> for 14 days after contact with the COVID-19 Positive person even if the student has an alternate diagnosis for symptoms.</p>	<p><i>Quarantine</i> for 14 days before returning to school. Must remain symptom-free. If individual develops symptoms, then refer to the symptomatic scenarios.</p>

Note: QUARANTINE keeps someone who was in close contact with someone who has COVID-19 away from others.  
ISOLATION keeps someone who is sick or tested positive for COVID-19 without symptoms away from others, even in their own home.
