Community Service Report and Reflection Form

NAME: _____

Graduation year: _____

Signature School requires students to complete a minimum of 25 community service hours annually.

Students donate time and talent to non-profit causes, organizations, or groups from our list of community partners. Service to organizations of which students are members are not valid. This rule pertains to school clubs, Boy/Girl Scouts, religious or church activities, performances, etc. Providing services through these groups (ex: serving meals at a homeless shelter with a club) is acceptable. Service can be educational, civic, or need-based in nature and is achieved through real, purposeful activities with meaningful outcomes. Students are encouraged to participate in a broad range of experiences to discover their interests and passions.
