

SIGNATURE SCHOOL

POLICY PROHIBITING BULLYING/ANTI-BULLYING POLICY

2016-'17

Signature School takes a proactive stance in creating a safe learning environment for all of our students. Respect, tolerance, and an appreciation of diversity are embedded in our curriculum and in our school climate. Incoming new students undergo an orientation during which they learn Signature's expectations for treating others with respect. Signature School has incorporated character education into its curriculum with Multicultural America, a course required for graduation, and through the International Baccalaureate Programme.

Signature School prohibits and will not tolerate bullying whether it be verbal, physical or via the Internet (computer, cell phone, Twitter, Facebook and any other form of social media).

In accordance with its charter, Signature School keeps the student population small enough to enable teachers and staff to prevent problems and to help students resolve their conflicts in a constructive manner. The administration and staff are committed to providing a safe environment for all Signature students and do not tolerate bullying in any manner or instance.

Bullying Prevention/Education

- Signature School's Anti-Bullying Committee is a subcommittee of the School Safety Committee. This committee revises or updates the Policy Prohibiting Bullying. To aid in developing an effective policy, committee members may administer an anonymous questionnaire to poll the student body on the nature and extent of bullying problems.
- In-service training and professional development opportunities are provided to the staff to make them aware of the characteristics of bullying and to enhance the staff's understanding of bullying.
- The school conducts class meetings to inform students as to the nature of bullying, the school's no-tolerance policy of bullying, and procedures for dealing with bullying.
- School rules and guidelines are discussed in an all-school meeting. Students are informed of the school sanctions and the expectations for behavior. Copies of the school rules and guidelines and the anti-bullying policy are sent home with students. Parents and students sign to confirm that they have received, read and understood these rules. The signed documents are kept on file in the office.
